Course Details and Local Rules for North East Regatta

Crews must boat facing upstream and proceed to the bridge marshalling area. Be careful going under the Suspension Bridge as the river is narrow here and you must watch out for crews racing downstream and **give way** to them if necessary. Crews interfering with racing crews may be penalised (options include being awarded a false start or disqualification).

Crews must keep to the Boathouse side of the river on the way up to the start.

WARNING: At low tide it may not be safe to pass through the Railway Bridge - seek local knowledge if in any doubt.

The first-named crew will be on the City Station. Competitors must report to the start marshal **at least five minutes before their published race times. Crews must then stay in touch with the start marshal until they are called to the start line.** If the tide is low, crews may be asked to turn downstream of the Railway Bridge but normally they should report to the start marshal above this bridge. Proceed upstream through arches 4-6 of the Railway Bridge and downstream through arches 2 or 3.

The start, just downstream of the Railway Bridge, is free and, in view of the downstream current, manoeuvring should normally be done by backing down.

The 700m course will be used in all events. The course is in two lanes and runs in a straight line through the two bridges before the finish at the upstream end of the Aberdeen Boat Club Boathouse.

Crews should finish near the City Bank and not cut the corner downstream of the QE Bridge.

There will be guidance markers hanging from the upstream side of the Suspension Bridge and the downstream side of the QE Bridge. These are colour-coded as noted above.

There is a line of buoys near the finish but these do not represent the exact finish line and crews should not stop racing until instructed by the finisher. **Boats and blades must pass between the appropriate buoys, or risk disqualification.**

We do not have permission to row below the Victoria Bridge (downstream of the Boathouse). Any crew violating this rule risks being disqualified and/or sunk.

Results will be published on <https://cofd.co.uk>

Handicapping for Masters Events

A handicap system will operate in all Master events. Masters crews must declare their status **in writing** to the secretary at least 30 minutes before their first race, otherwise they will be assumed to be Masters A (no advantage).

The following table gives an **indication** of advantage that older crews will receive. This may vary depending on conditions on the day. They are based on the standard time for a Mas A FISA World Masters crew in each category. Handicapping is applied using the tables produced by Dan Davidson in May 2016.

HANDICAPPING WILL TAKE PLACE AT THE *FINISH*

Crews will start level, as usual, and the time differential between the first and second crews will be measured as they cross the finish line. If this time is less than the previously intimated handicap, then the crew which was second over the line will be deemed to have won the race. We will try to group similar ages of competitors together but, where this is not possible, we will apply the full handicap applicable, even if this exceeds the previous recommendation of three categories.

Time differential (seconds) for the 700m NER course

Notes from last year's North East and Aberdeen Sprint Regatta

31 August and 1 September 2024

An unusual time of year for our main regatta but the moon was not cooperating in our normal April/May slots and tides were either too early or too late in the day. We combined the NER with our Sprint, holding 700m racing on Saturday and 500m Sprints on Sunday

Lovely sunny weather with a bit of a breeze on Saturday. Some rough water later on as the tide turned but nothing dramatic. We were delighted to host the North East *International* Regatta with an entry from Copenhagen RC alongside entries from EUBC, Castle Semple RC and a large squad from Inverness RC. Sunday saw duller weather but less wind leading to perfect racing conditions. We were impressed with the 13 entries in Generation Double Sculls - many (? most) of these featuring father/mother/son/daughter combinations - hope there aren't too many arguments at home, or stopping of pocket money, regarding the cause of lost races.

Support from our many sponsors along with (ahem) very efficient organisation allowed us to yet again limit entry fees to £5 per head – certainly the lowest for an open regatta in Scotland and possibly the UK.

Racing started on time on Saturday but we had to delay the first race on Sunday due to the tide being slow to rise (pesky moon... again!). With cooperation from all involved, we finished ahead of time both days.

ASRA did not have it all their own way for the Championship of the Dee (victor ludorum) trophy with ABC nipping at their heels for the first half of Sunday but the junior club had pulled away by the end of racing. Inverness had a good points tally which may not have fully reflected their degree of success since they were reaching finals in many small boat events which attract fewer points.
