## Course Details and Local Rules for the North East and Sprint Regatta

The rules of *Scottish Rowing* apply at this regatta.

Packs of bow-slot numbers will be issued to clubs on arrival. A deposit will be charged which will be refunded upon safe return of all numbers. Any missing numbers will be charged at £5 each with a corresponding reduction in the refund. Deposits will depend on the number of numbers issued as noted below. If the value of lost numbers exceeds the deposit then clubs will be charged the balance.

1 - 2	numbers issued	£10	deposit required
3 - 10	“ “	£20	“ “
11 or more	“ “	£40	“ “

The first named crew will take the City Station (opposite the Boathouse), the second named crew will take the Boathouse Station.

Crews must boat facing upstream. Please be careful going under the Suspension Bridge as the river is narrow here and you must watch out for crews racing downstream and **give way to them if necessary**.

Crews must keep to the Boathouse side of the river on the way up to the start.

**WARNING:** At low tide it may not be safe to pass through the Railway Bridge - seek local knowledge if in any doubt. Proceed upstream through arches 4-6 of the Railway Bridge and downstream through arches 2 or 3.

The **start marshalling area on Saturday** will (if tide allows) be just upstream of the Railway Bridge.

The **start marshalling are on Sunday** will be downstream of the Railway Bridge.

Crews should report to the start marshal at least **4 minutes before their race** and then keep in touch with them.

The start is free and, in view of the downstream current, manoeuvring at the start should normally be done by backing down.

Crews should ensure that their boat and blades pass on the appropriate side of any buoys or course markers. Failure to comply with this rule could result in disqualification.

There will be guidance markers hanging from the upstream side of the Suspension Bridge and the downstream side of the QE Bridge. These are colour-coded as noted on the maps.

There is a line of buoys near the finish but these do not represent the exact finish line and crews should not stop racing until instructed by the finisher.

After finishing, all crews should turn and approach a jetty as soon as possible especially if their boat or members are required for other events.

We do not have permission to row below the Victoria Bridge (downstream of the Boathouse). Any crew violating this rule risks being disqualified and/or sunk.

# Handicapping for Masters Events

A handicap system will operate in all Master events. Masters crews must declare their status **in writing** to the secretary at least 30 minutes before their first race, otherwise they will be assumed to be Masters A (no advantage).

The following tables gives an **indication** of advantages for both courses. These may vary depending on conditions on the day. They are based on the standard time for a Mas A FISA World Masters crew in each category. It is based on the tables produced by Dan Davidson in May 2016.

## HANDICAPPING WILL TAKE PLACE AT THE *FINISH*

Crews will start level, as usual, and the time differential between the first and second crews will be measured as they cross the finish line. If this time is less than the previously intimated handicap, then the crew which was second over the line will be deemed to have won the race. We will try to group similar ages of competitors together but, where this is not possible, we will apply the full handicap applicable, even if this exceeds the previous recommendation of three categories.

## **Notes from our last NER on 6-7 May 2023**

In 2023, we decided to revert to a two-day event and we had hoped that our timing (two weeks after SRSR and two weeks before Castle Semple) might encourage a large entry. Sadly, our only outside entries came from the University of St Andrews Boat Club but they came in good numbers and stayed for both days. They took home some medals and seemed to enjoy their visit so bah humbug to all the clubs who did not come!

Weather on Saturday was dull but with good racing conditions and the event started and ended slightly before published times so well done everyone (officials, competitors, volunteers).

Sunday started with two problems; not enough water in the river and too much of it in colloid suspension in the atmosphere! The tide seemed reluctant to rise but of more concern was heavy fog which allowed us, just, to see across the river but not any significant distance up or down the course. Fortunately, this cleared 7 minutes before the first race and, remarkably, despite only being allowed to leave the jetties then, two ABC eights were able to start only 2 minutes late. A long second day of racing with 79 races saw us finish, again, ahead of time.

With a huge entry, and as the only junior club attending, ASRA walked away with the Championship of the Dee award. Reassuringly, as an academic exercise, even when I excluded points for junior events (which had to go to ASRA) and points for Masters events (which had to go to ABC) ASRA still won by a large margin.

The Coronation Party, held at ABC on Saturday evening, was very enjoyable with some impressive fancy dress evident.

## **Notes from our last Sprint Regatta on 2<sup>nd</sup> Sept 2023**

Another Sprint, another lovely day of snappy racing on the Dee. We were delighted to welcome a large squad from Inverness but, sadly, our only other outside entry was a solitary sculler from Castle Semple (good to see you back in Aberdeen, Karen).

Troublesome tides forced a late start with first race going off exactly on time at 1pm. With a lot of pre-planning and excellent cooperation from umpires, marshals and competitors, we were pleased to finish racing 14 minutes ahead of planned time, about 6 hours later.

Weather was pleasant with a moderate tailwind and it was warm enough that the Senior Umpire had to advise some local children against swimming in the river off the ABC launching steps!

With their huge entry, the Championship of the Dee award was easily won by ASRA but the other places enjoyed some to and fro battles over the day.
