Local Regatta Rules

(Please also study the course map and its Notes)

- The rules of racing of Scottish Rowing apply to this regatta.
- Club Captains, or their representatives, must report to the Regatta Secretary before the start of the regatta. Any crew which fails to submit a written list of crew members or has not paid its entry fee by the time of its first race will be disqualified.
- Bow-slot numbers will be loaned to competitors upon deposit of £5 and these must be in place while racing. The deposit will be refunded on safe return of the number.
- Competitors must report to the start marshal at least five minutes before their published race times. Crews must then stay in touch with the start marshal until they are called to the start line. The timing of the regatta is critical and late crews will be disqualified (Aberdeen crews take note !)
- The first named crew will take the City Station (opposite the Boathouse), the second named crew will take the Boathouse Station.
- The 500m course will be used in all events. The course is in two lanes and runs downstream from a free start below the Railway Bridge. It runs in a straight line through the two bridges before the finish at the upstream end of the Aberdeen Boat Club Boathouse. Crews should finish near the City Bank and not turn the corner downstream of the QE Bridge. There are three buoys near the finish and boats and blades must pass between the appropriate buoys, or risk disquification.
- The buoys near the finish do **not** represent the exact finish line and crews should not stop racing until instructed by the umpire.
- We do not have permission to row below the Victoria Bridge (downstream of the Boathouse). Any crew violating this rule is likely to be sunk and/or disqualified. Also beware that rowing above the Railway Bridge is only safe at certain states of tide - consult a local rower if in doubt.

- Please be careful going under the Suspension Bridge as the river is narrow here and you must Crews must boat facing upstream and proceed to the bridge marshalling area. watch out for crews racing downstream and give way to them if necessary.
- Crews must keep to the Boathouse side of the river on the way up to the start.
- normally proceed upstream through the Railway Bridge (and, indeed, this is dangerous Crews should not The start marshalling area is downstream of the Railway Bridge. at certain states of tide.
- The start is free and, in view of the downstream current, manoeuvring at the start should normally be done by backing down.
- There is a line of buoys near the finish but these do not represent the exact finish line and crews should not stop racing until instructed by the finisher. Boats and blades must pass within the correct line of buoys.
- After finishing, all crews should turn and approach a jetty as soon as possible especially if their boat or members are required for other events
- Prizegiving will take place approximately 15 minutes after the last race of each day

Notes For Veteran Events

A handicap system will operate in all veteran events. Veteran crews must declare their status **in writing** to the secretary at least 30 minutes before their first race., otherwise they will be assumed to be Veteran A (no advantage).

The following table gives an <u>indication</u> of advantages for our 500m course. These may vary depending on conditions on the day (they are based on the standard time for a Vet A FISA World Masters crew in each category). *It is based on the new tables produced by Dan Davidson in May 2016 and due to be adopted by Scottish Rowing.*

CATEGORY	(base time)	Α	в	С	D	Е	F	G	н	T
Mens Quad Sc	1:35	0	1	2	3	5	8	11	14	29
Mens 2- and 2x	1:45	0	1	2	4	6	8	11	16	31
Mens Sculls	1:50	0	1	2	4	7	10	13	17	32
Womens Quad Sc	1:45	0	1	2	4	6	8	11	16	32
Womens 2- and 2x	1:55	0	1	2	4	7	10	13	17	
Womens Sculls	2.00	0	1	2	4	7	11	14	18	35
Average age of crew		27	36	43	50	55	60	65	70	75

NB HANDICAPPING WILL TAKE PLACE AT THE FINISH

Crews will start level, as usual, and the time differential between the first and second crews will be measured as they cross the finish line. If this time is less than the previously intimated handicap, then the crew which was second over the line will be deemed to have won the race.

In accordance with Recommendations from *Scottish Rowing* we will normally allow a **maximum separation of three handicap divisions** (eg A to C or D to F). If the separation is greater than this, then the older crew will be offered a lower (younger) classification or the option to withdraw. eg if a vet A crew and a vet E crew are the only entrants, the vet E crew can only be offered a 'C' handicap advantage.

(Version Aug 2017 modified for 500m course and base times from British Rowing website)

North East (closed) Regatta 2016

4th June 2016

Notes from last year's event

Pleasant weather during this year's event – sunshine and warm but with a steady headwind making for rough water under the bridges.

2016 saw our first attempt at running the NER as a one-day event. We also introduced a 3-session format with competitors not allowed to double-up within a session. This made for an easy draw and allocation of race times. We await feedback from competitors about their opinions on these innovations. We had a disappointingly low entry across almost all events with many events running as two-boat

straight-finals. The only event with a significant entry was Res 1 Pairs which attracted 6 entrants.

Deeside Scullers 50th

At least this allowed us plenty time to allocate two slots for demonstration races by members of the Deeside Scullers ($\Delta\Sigma$) club which was celebrating its 50th anniversary since foundation. The first race between coxed fours was close with an early lead being taken by the City Station crew only for the Boathouse crew to claw this back by the rocks and then take a lead of clear water – the crews then had to perform a 360-degree spin below the QE2 Bridge before resuming their race to the usual finish line. The City crew managed a faster spin to regain some ground (?water) but the Boathouse crew was a clear winner.

In the second $\Delta\Sigma$ race, a wooden 4+ took to the water to be followed by an eight – to make for a fairer race, the eight started facing upstream and had to do a 180-degree spin on the 'go'. A further minor handicap was that the eight only had 7 oars on-board! Apparently the missing blade was shared around during the race – entertaining stuff indeed! The 4+ went on to win!

Scottish Rowing

Scottish Rowing Summer Sprint Series

Prize Rules

Club Performance

A prize will be awarded to the club with the best performance record across the 3 Sprint Regattas. Points will be awarded per crew for 1st and 2nd place in every event run (3 points for a win and 1 point for runner up).

The club with the most points at the end of all 3 regattas will win the choice of a new Cox box or a set of sculling blades.

Keenest Club

A prize will be awarded to the club with the highest average participation (i.e. individuals taking part in each regatta) across the 3 Regattas. An individual who races in more than one event at any given regatta will be counted once at that regatta. Please note this will be based on numbers who race on the day – not entries!

For each club taking part, its average participation will be calculated as the average number of individuals taking part across all 3 events. This will be adjusted to take account of variations in club size by dividing this average by the number of Scottish Rowing members the club had at the end of June 2017. The winning club will again have the choice of a new cox box or a set of sculling blades.

Good Luck and Happy Racing!
